PROFILE SUMMARY

Engineer with 4+ years of experience in process optimization, cross-functional collaboration, and data analysis. Looking to transition into a Business Analyst, Product Owner, or Operations role, where I can apply my analytical background to improve business processes and drive digital solutions.

WORK EXPERIENCE

Process Engineer | Zollner Elektronik AG

Jun 2025 – Jul 2026 · Vác

- Support engineering and documentation of custom-built currency processing machines for central bank clients
- Create and maintain detailed assembly instructions based on 3D CAD models and mechanical drawings
- Manage product data and documentation in SAP; provide technical support to production teams
- Independently developed Excel-based automation and digital reporting systems adopted across the team

Process Engineer | Samsung SDI Hungary

Dec 2021 – Aug 2024 · Göd

- Supported Li-ion battery production for EVs through process testing and validation (MSA, TQR, CCB)
- Conducted root cause analysis using 8D and FMEA methodologies to resolve recurring quality and defect issues
- Collaborated with Quality teams to optimize processes using DOE and SPC; managed SAP documentation and cross-functional reporting

Accounting Intern | HEXUM Finance Ltd

Feb 2021 – Apr 2021 · Budapest

- Supported tangible asset accounting, reconciliations, and financial statement preparation tasks

EDUCATION

BSc – Engineering & Industrial Management | Óbuda University 2017 – 2021 · Budapest

Specializations: Corporate Governance (Economic) · Mechanical Engineering (Technical)
